# Early Warning System

A tool designed to support educators to identify and intervene with 6th-12th grade students and ensure all Rhode Island students are successful in graduating high school.

6 INDICATORS

LOW
MEDIUM
HIGH

Attendance
The percentage of days students are present at school in a given school year.

Retention
The number of times students enroll in the same grade during different school years.

Suspension
The number of suspensions accumulated by students over a school year.

ELA Proficiency
The proficiency level students received on the last administration of the most recent ELA State Assessment.

Math Proficiency
The proficiency level students received on the last administration of the most recent math State Assessment.

At-risk of Dropout
The likelihood of students dropping out of high school if they stay on the current path. Available for 9th-12th grade.

Using the Tool to Support Students
The Early Warning System (EWS):

- *IS* a tool with three color-coded risk bands--**green** for low, yellow for medium and red for high risk--to help educators make data driven decisions to plan for and implement intervention practices.
- is *NOT an accountability tool* intended to penalize a student, teacher or school.
